APPROVAL OF STATE ENGINEER

Map Filed Dec 11, 1936 under 9993

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions:

This permit to change the point of diversion of the waters of Marlette Creek, Main North Fork, as heretofore granted under Permit No. 8350, is issued subject to the terms and conditions imposed in said Permit No. 8350 and with the understanding that no other rights on the source will be affected by the change proposed herein. A substantial headgate and weir must be installed at or near the new point of diversion to facilitate the measurement and control of water. The State reserves the right to regulate the use of the water under this proposed change at any and all times. The amount of water to be changed shall be limited to the amount which can be applied to beneficial use, and not to exceed 0.89 of a cubic foot per second.

Actual construction work shall begin on or before February 15, 1941.

Proof of commencement of work shall be filed before March 15, 1941.

Work must be prosecuted with reasonable diligence and be completed on or before February 15, 1943.

Proof of completion of work shall be filed before March 15, 1943.

Application of water to beneficial use shall be made on or before February 15, 1944.

Proof of application of water to beneficial use must be filed with the State Engineer on or before March 15, 1944.
